Profession, Father, Status & Power

The normal trend is that anyone born when the Capricorn sign was rising in the tenth house will be simultaneously working at more than one place, primarily to earn more money. But there can also be another reason for it. Which is : The native, ever desirous of a change, will be wanting to shift and hop as frequently as possible. In this, one can be said to be lucky as there is a wide range of professions to choose from.

You can select an occupation connected with law, teaching, sports goods, iron and steel, factories in general, oils, land, contracts in the irrigation and agricultural sectors, or animals. But you will have to be very cautious about one thing and that is you should make sure not to sustain financial losses through impulsive actions and rash investments. If you play safe and go about your job after doing the necessary homework, you may hope to succeed.

In all your actions, you would do well to follow in the footsteps of your father, an honest and straightforward individual ever eager to toe a righteous path. Intelligent, endowed with a sound reasoning faculty and an elephantine memory, he has the inherent power to read others thoughts. This, naturally, gives him the advantage of planning his moves adroitly. It is due to his commendable qualities that he attracts many close and reliable friends who will sacrifice anything to render him assistance in times of need.

A highly favourable trend is denoted by the stationing of Venus in Capricorn in the tenth house. You will be lucky enough to find a trustworthy partner in whose association you can be optimistic of securing increased gains in your occupation. You may even succeed in securing favours from the government.

You can consider yourself doubly fortunate as your father, living up to a ripe age, will immensely enjoy your progress.
